1. Check-in Counters

The number of check-in desks which the airport makes available is being a matter for the internal organisation of the airport. In this matter the airport will give due regard to the ratio of passenger numbers and available capacity. The aim is to ensure smooth handling of outgoing passenger operations. (IATA-AHM 810; 4.1.9)

Check-in facilities consist of the following:

- Providing desks and relevant furnishings, including adequate space for passengers to queue in front of desks
- Telephones
- Energy supply
- Computer monitors and connecting points for
 - monitors and
 - CUTE computer

The use of the CUTE computer system will be charged separately.
Charges for using the check-in counters will be calculated on a minute basis.
